

## Woody's Home – Smart System Brochure 2017

In a world where so much feels out of control, the one place you should feel safe and in total control is your home. Our home systems give you full automation of security, entertainment, and lighting, at the touch of a button on your iOS device.

### PERSONALIZED DESIGN

Create a home where your every desire is at your fingertips. Our System Designers will meet with you at the location of your choice (our showroom, your home or business), listen to your needs and go to work to create a customized system that works for you.

All you have to do is sit back and wait for full control to be placed in your hands!

### STRESS-FREE OPERATION

Our technicians provide a full-service installation and give you an onsite, step-by-step walk through and instruction of your new intuitive system. It's as easy as the push of a button!

We understand any new technology can be intimidating to bring into your home, learn and operate. That's why we offer reliable systems, expert technicians, full-service setup and instruction, and make ourselves available to you to answer questions anytime you need us.

Experience  
your home  
differently

## Complete Control of Your Home

Woody's Home began with a passion for bringing automatic technology and a custom design experience into the home. Our 5,200 square foot Experience Center in Pasadena allows you to test run a fully-equipped system with intuitive controls and see all that a smart home can be.

We invite you to visit us and make our showroom your home away from home to empower yourself with cutting-edge technology and sensory delight as you control everything around you with a simple touch of a mobile device.

Our expert consultants will guide you through and work with you to understand your needs and provide solutions, whether you want a full system or select components to bring the power of innovation and convenience of control to your home with the touch of a button.

### HOME ENTERTAINMENT

Let us entertain you! Whether you want to dance and sing or sit and unwind; our audio visual home theater systems bring the latest technology to your entertainment experience. Create the ultimate home theater or take your music throughout every room, even outside for backyard parties. We will design a system for all the ways you love to play.

**DISTRIBUTED AUDIO**

### HOME SECURITY

Keep an eye on your home from the inside or while you are away. Our surveillance cameras and door stations give a clear view all around your home while adjustable lighting allows you to simulate your presence while you're on vacation.

#### LIGHTING/TEMPERATURE CONTROL

Light up your home to bring beautiful aesthetics, energy conservation and added safety. Our intuitive controls allow you to adjust the lighting and temperature in any room with the touch of a button, whether you are home or away.

#### WINDOW TREATMENTS

Stop messing with tangled cords and crooked blinds, our motorized window treatment technology allows you to adjust shutters, shades and blinds by remote control. We offer a broad range of window fashions from the leading manufacturers controlled by our fully automated, cord-free solutions.
